

## Accommodation Essex - Allocation Policy 2018-19

### Introduction

The University of Essex has approved this allocation policy, which provides specified categories of students with a guarantee of accommodation or a priority for accommodation as long as the applicant meets the stated conditions.

Should the number of applicants exceed the number of available rooms, Accommodation Essex will seek to secure additional accommodation from third party providers in order to meet the guarantees and priorities as set out in this policy. Third party accommodation will be off campus and will meet the standards set by either the Student Accommodation Accreditation Scheme or the ANUK code.

Should the number of applicants exceed the number of available rooms, Accommodation Essex may also accommodate applicants in temporary twin rooms on campus until permanent rooms becomes available.

*Our approach is to prioritise accommodation guarantees for students in their first year of study at the University. This means that if you had an allocation of University owned or administered accommodation in the previous academic year that commenced before the end of the autumn term and ended after the start of the summer term, we will not be able to offer you a guarantee of accommodation.*

If you are a new, full time student commencing your studies in the autumn term and have not previously lived in the accommodation for a full academic year, you are guaranteed accommodation provided you meet the following conditions;
