

# **The Meadows**

Coming from London and having a passion for photography, I love the countryside feeling of The Meadows.

I can take time out and explore my surroundings, knowing I'll find something special to capture on film.

Living at The Meadows, I've made friends from all across the world. I've eaten different foods, listened to cool music, and learnt about so many different cultures and backgrounds.

I feel lucky to have found a great bunch of friends straight away and our shared apartment is really new and stylish. And it's nice to be able to escape and have my own private space with an en-suite.

I can see The Towers from my window, so although The Meadows is a short walk away from campus you still feel pretty central.

I like to make use of the green spaces outside my flat or use the common room to study or meet my friends.

Being able to explore the trail to Wivenhoe is a great way to relax and get some exercise.

The thing that I love the most is our sense of community, that's why I chose The Meadows.
