Selection process

Applications will only be submitted to the selection panel if you meet the eligibility criteria and hold an offer of study for a taught postgraduate place by the closing date of 31 May 2018. Scholarships are awarded on the basis of academic excellence and evidence of financial need. We will use the information you provide on your original course application and your scholarship application to make our selection. The final selection will be made by a panel of academic and administrative staff of the University of Essex. A representative from Santander is eligible to participate in the final selection.

Receipt of the scholarship is subject to applicants firmly accepting the offer of study, registering as students of the University of Essex for the 2018-19 academic year, and meeting all conditions of our offer.

Successful applications

Successful candidates will normally be notified by mid-July 2018.

Scholarship payment

The scholarship will be awarded in the form of a discount on tuition fees for the 2018-19 academic year only and cannot be deferred to a later year or given for a course in a different department from the one for which you are admitted. The scholarship is offered for the first year of masters study only. You will be required to pay any balance of tuition fees from personal or other funds.

If the value of the scholarship exceeds the amount of the tuition fee for the 2018-19 academic year, the balance will be paid as a contribution to living expenses in the form of cheque at Registration.

All scholarships are subject to you firmly accepting the offer of study and registering as a student of the University of Essex for the 2018-19 academic year. No alternative form of the scholarship is available.

Combining with other awards

You may only receive one award administered by the University of Essex. In the event that you are a successful Santander Scholarship applicant but are already in receipt of another University award (including the Alumni Loyalty Discount), the larger of the two awards will be kept and the other released. You cannot hold a full (fees and maintenance) scholarship from another source. If you have a partial scholarship from another organisation for part of the tuition fees, and the combined value of these scholarships is higher than the cost of the tuition fees, the value of the Santander scholarship will be reduced accordingly. We reserve the right to reconsider the award of the scholarship if your financial situation changes following the award of a scholarship.

Withdrawing from my course

If you withdraw from the University after Registration, your scholarship will be pro-rated to the date of your withdrawal. Any remaining tuition fees due for the rest of the term will be charged to you at the non-discounted rate.

Additional information for US applicants

US applicants must be either a United States national or an eligible non-citizen for the purposes of Federal Direct Loans. If you are intending to fund all or part of your studies via a US Federal Direct Loan, this scholarship will be recorded as "Expected Financial Aid" in the cost of attendance calculation and may reduce the maximum eligible loan amounts for 2018-19.
Resolution of disputes

Acceptance of this award constitutes acceptance of these terms and conditions. Registered students should contact the Student Funding Team in the first instance for guidance regarding this award. In cases not covered by the above terms and conditions, or where a student claims exceptional circumstances, or disputes a decision not to make payments due under an award, final appeals on decisions regarding eligibility must be made via the Student Complaints process. The Academic Registrar or his/her nominee will review the case and his/her decision will be final.

**NOTE:** These terms and conditions apply to Santander Scholarships awarded to students for the academic year 2018-19. The University of Essex reserves the right to update these terms and conditions as necessary.
