WE ARE ESSEX
ARE YOU?
WORKING AT THE UNIVERSITY OF ESSEX
WHERE WE’RE HEADING

We are a university going places. 50 years ago, our founding vision was to be “freer, more daring, more experimental”, a principle to which we still hold true. Our bold agenda, set out in our Strategic Plan, focuses on a very clear mission: to contribute to society through excellence in education and excellence in research.

We will judge our success against our goal of being placed in the top 25 of UK universities and to have all our subjects in the top 20% of their discipline within the UK by 2019, and to have grown in size and student numbers by 50%.

Our ambitions are being realised through the commitment and dedication of every member of the University community, and we celebrate our most recent achievements in our Year of Success video.
The pursuit of our mission to contribute to society through excellence in research and excellence in education is underpinned by our core values, shared across our community and evidenced in our activities and behaviours. If you share our values, you will be at home at Essex.

**Do you strive for excellence?** We aim to achieve excellence in both education and research, ensuring that all of our activities support these two, equal priorities.

**Do you long for the freedom** to question and test received wisdom? All members of our University are empowered to put forward new ideas.

**Do you value openness?** We insist on integrity, honesty and openness in all our activities.

**Would you like to be part of a community** where the pursuit and dissemination of knowledge is valued for its own sake and which provides all members with the opportunity to fulfil their potential?

**Do you value inclusivity,** diversity and equality and treat people with dignity and respect?

**Are you innovative** and creative? Can you harness these skills in ways that address the new challenges and needs of a rapidly changing world?

**Can you look beyond borders to share our global outlook** which allows us to collaborate and co-operate internationally, and ensures we draw on a diverse range of perspectives to enrich our own academic community and global society?

**Can you spot opportunities for partnership** working regionally, nationally and internationally? We want to develop relationships which are of mutual benefit to both our University and its partners.

**Are you prepared to take responsibility** and embrace accountability and transparency in relation to decision-making?

If you answered “Yes” to all these questions, welcome home.
WHAT WE BELIEVE

We believe a person’s potential is not simply defined by grades or background but by an attitude of mind: a willingness to question, to collaborate and to push at the frontiers of knowledge.

These are the kinds of staff you will work with and students you will encounter at Essex. There is more to learn than we can ever be taught, so we want our staff to inspire our community to want to explore and embrace new ideas and values.
WHY WE ARE DIFFERENT

The Essex Experience is built on four pillars: the Essex Spirit, a culture of membership, a global community and outlook, and a research mindset and skills. Our manifesto video, We are Essex, encapsulates what we are about.

The Essex Spirit
Essex provides a home for the tenacious, the bold, the inquisitive and those impatient for change. By asking difficult questions, we break intellectual boundaries and challenge the status quo. Whether that’s a ground-breaking piece of research or developing a process which improves the student experience, we want to appoint staff who will relish the challenge of delivering our commitment to excellence.

A culture of membership
Our staff and students are members of our University – for life. Together we form a mutually supportive community where we build friendships, develop interests and embrace values which transform our lives, and those of others. We believe that the idea of the ‘alma mater’ extends to those who work at Essex. The University has a formative and transformative role to play in the lives and careers of our staff and being part of the Essex community is as important to them as it is to our students.

A global community and outlook
We offer an environment that reflects and supports our founding philosophy: an intimate yet genuinely international setting that fuses ideas, cultures and a breadth of perspectives, where internationalism is central to who we are and what we do. At Essex, you will discover the world in one place, full of people who hold a genuine worldview, with the integrity, awareness and tolerance that makes for a better world.

A research mindset and skills
At Essex we don’t just teach what others think, our staff are themselves leading thinkers and practitioners. We cannot educate global citizens without our students having direct interaction with staff who are at the leading-edge of their disciplines, creating knowledge and directly engaged in research, and in scholarly and policy debates. We like to question conventional wisdom, stimulate curiosity and nurture our members’ desire to pursue new ideas, whatever their field of work or study. Research underpins everything we do regardless of the activity or the research-profile of the job role: our professional services staff are likewise expected to balance creativity with an evidence-based approach to their work to ensure that what we do is innovative and has impact.
The People Supporting Strategy sets out what building and sustaining partnership working means for the University of Essex as an employer and for our staff as its members. Its purpose is to identify how the University will develop the capacity and capability within our staff to deliver the goals we have set in our Strategic Plan; to live the values we have embraced and to support each other in contributing individually and collectively to the best of our ability and to develop our own potential. The strategy is based upon five underpinning principles.

**Five Underpinning Principles**

1. **Developing our membership**
   We are committed to learning and will promote staff engagement in maintaining and further developing knowledge, expertise and skills irrespective of role and career stage. To support this the University will provide a safe environment in which staff and students can learn and make mistakes, where blame is absent because people take responsibility when something goes wrong and where each person’s individual improvement raises the performance of the whole.

2. **Individual contribution**
   To maximise individual contributions we will place emphasis upon outcomes and value creativity. In return staff will be clear about expectations, how individuals contribute to collective goals and be prepared to accept challenge where contributions fall short of expectations. It requires each one of us to be responsible and accountable for our actions and performance and for us all to trust each other.

3. **Justice in the workplace**
   For our staff to reach their potential, the workplace must be free from discrimination, harassment, bullying and unfair treatment irrespective of grade or contract. Our staff are entitled to natural justice in the workplace, including the avoidance of bias and the right to a fair hearing. Our staff will work in an open way, expect honest and constructive feedback, protection from unjust or malicious treatment and have access to proper processes to address concerns.

4. **Mutuality of obligation**
   The relationship between the University and members of staff is one of mutual obligation and trust based upon work to deliver the goals of the University in return for remuneration. This is a multi-dimensional relationship in the form of a partnership between the employee and the University that is implicit within the contract of employment and recognised by law. Our commitment to mutuality of obligation means we want to be the employer of choice, by making meaningful how we help staff to be the best that they can be in delivering on our shared aspirations set out in the Strategic Plan. This is what the People Supporting Strategy aspires to do.

5. **Fit for work**
   We will build on these principles more easily in a safe and healthy environment with a work force which is resilient. Whilst safety is not optional, other choices around healthy living are. It is the University’s intention to develop a culture which enhances the health and well-being of its staff.

Professional services staff share a commitment to deliver integrated partnership working, based on a mutual respect for the essential but different roles of our academic and professional communities. Our central teams focus on institution-wide or specialist services, while members of professional services working within departments and faculties deliver subject-specific support. A number of roles are co-located in both a central team and an academic area to ensure the optimum impact of professional services in those areas which require very close partnership working. With this range of models, we can ensure that the expertise and experience within professional services can be deployed effectively to support the provision of excellent education and research.
Our community comprises 14,000 students and 2,500 staff based at three distinctive campuses each with their own individual atmosphere and characteristics, but all offering a friendly and supportive community. Watch our We are Essex – are you? video to hear why our staff love working here.

Colchester Campus
Our original campus is set in the historic Wivenhoe Park, painted by Constable, and is located two miles from Colchester, Britain’s oldest recorded town. In the 1960s, it was the site of a radical new project for higher education and is now home to more than 11,000 students. The architecture of Essex was designed to embody the ideals of the campus university and town planning principles were used to create a new academic city. At the heart of the campus are five interlinked squares, designed to remove barriers between staff and students, to take learning outside the confines of the classroom and to engender community spirit – all things that you still find here today. Watch our Colchester Campus time lapse video for a flavour.

Loughton Campus
At the eastern end of the London Underground’s Central Line is our Loughton Campus, providing dedicated facilities and resources for 500 East 15 Acting School students. Set in the grounds of a Georgian dower house, it is an energetic and inspiring environment, with staff and students able to immerse themselves in the creative setting to which they all contribute.

Southend Campus
Our newest campus is located in the heart of Southend-on-Sea, which combines the charms of a traditional seaside resort with a modern and lively university town where everything is on your doorstep. Our University occupies a pivotal role in the development and prosperity of Southend, being prominently embedded within the community. 1,250 students study across the town centre in our campus buildings. Watch our Southend Campus time lapse video for a taster.

Essex is a county of enormous contrasts and surprising variety; it has rural, urban and coastal habitats with distinct cultures and histories.

**Colchester**
Colchester, Britain’s oldest recorded town and Roman capital, offers a rich mix of history and culture; the cobbled lanes in the Dutch Quarter and the historic Roman remains nestled among modern architecture are constant reminders of Colchester’s past.

Colchester’s flourishing arts scene has been further enhanced recently by the development of firstsite, a contemporary visual arts facility. Only five minutes away, Colchester Arts Centre, housed in a converted church, promotes an eclectic mix of contemporary performance arts, comedy and music, and has a reputation for presenting cutting-edge work and high quality artists. Colchester is also home to a Norman keep and the Castle Museum which takes you through 2,000 years of British history. Slightly further afield, the north Essex landscape of picturesque villages and rolling countryside challenges commonly held preconceptions of our county and is a peaceful and interesting place to explore.

Colchester boasts one of the top state schools in the country being ranked 1st nationally for A-level results and 7th for GCSEs. It also has good transport links, having a fast train line into London, and is only 35 miles from London Stansted airport.

**Loughton**
Loughton offers easy access to the rich, cultural diversity of London on the one hand and to the natural beauty of the ancient Epping Forest on the other, ideal for leisure pursuits including walking, running, cycling and horse riding. The residential area around Loughton offers a wide variety of shops, restaurants, pubs and cafés and has a leisure centre providing gym and pool facilities.

Loughton is located close to the M25 and M11, giving direct access to airports and the rest of the UK. Getting into central London is easy too; Debden underground station is just a five minute walk away from where it takes under 30 minutes to reach the city.

**Southend**
Affectionately known as ‘London’s playground’, Southend attracts over six million visitors a year who come for its promenade, beaches, amusements and world-famous pier. With three Blue Flags and seven Quality Coast Awards, this is one of the cleanest stretches of seaside in the UK.

Southend has a burgeoning cultural scene, with three theatres, numerous art galleries, fledgling creative industries businesses, and is home to arts organisation Metal. There is a thriving live music scene and the town also holds the purple flag – the gold standard for night time destinations. Slightly further afield, visitors and residents can discover the fishing and arts communities in Leigh-on-Sea and enjoy its independent shops and café culture.

Southend has an unusually high proportion of grammar schools, with three being ranked in the top 75 nationally for A-level performance. Southend boasts two train lines and two arterial roads into central London, which is just 40 miles away, and an airport from where you can fly to a range of European destinations.
**Sports Facilities**

**Colchester**

We are renowned for our research on the benefits of green exercise and we practise what we preach! We have a wide range of both indoor and outdoor facilities.
