Laptop Accessories

Docking Systems

**Toshiba Hi-Speed Port Replicator III**

Docking system for the current range of Tecra and Portégé laptops. A simple solution for using external monitor(s), keyboard, mouse, printer, etc. It eliminates the need of connecting multiple cables every time you get back to your desk and powers/charges your laptop. No additional software is required.

£141.60  *(Recommended)*

**Toshiba Dynadock U3.0 - Black**

A Universal docking system for Toshiba and other brands of laptops. It allows the use of external monitor(s), keyboard, mouse, printer, etc. with just one single USB cable connection. Laptop external power is still required. Requires specific software to be installed for each laptop.

(Laptops using this model will require separate software to be installed)

£118.79

Laptop cases

For Laptops 13.3” to 14”: **£11.72**

A modern toploading laptop carrying case made of polyester with foam protection. There are internal and external pockets allowing room for laptop accessories, documents, cables and leads. Supplied with carrying handles, with adjustable and detachable shoulder straps.

For Laptops 15.6”: **£20.10**

Designed with simplicity in mind; there is storage for all those essential mobile accessories and a padded lining to protect your laptop. This clamshell laptop case is cost-effective and features a riveted handle and removable shoulder strap with cushioned pad for improved comfort when on the move.

**Accessories**

**Combination Laptop Lock: £23.03**

A lockable security device which allows a compatible laptop to be anchored to a desk, table or fixed structure to prevent theft. A keyless 4-wheel combination is easily resettable and offers 10,000 possible combinations.

**Kensington Easy Riser: £12.67**

A laptop stand which is height adjustable so you can raise or lower the screen and tilt it at the ideal reading angle to reduce backaches, neck strain or eye strain.

Requires an additional keyboard and mouse.

Laptop Backpacks

**Targus®**

For Laptops 15.6”: **£19.76**

- Removable Padded notebook compartment for screens up to 15-16”.
- Hard Wearing nylon exterior with large zippers.
- Adjustable fasteners on each side of the backpack ensuring improved comfort.

**AC Adaptors / Replacement Batteries**

We can obtain replacement AC Adaptors and replacement batteries for most Toshiba and other brands of laptops. For a price and availability please contact IT Purchasing with the laptop model number, serial number and our ‘M’ number if applicable.

**Apple iPad Air 10.5” Accessories**

**iPad Air 10.5” Smart Cover**

The lightweight, durable Smart Cover protects your iPad Pro screen without covering up its aluminium back. For total front-and-back coverage, you can pair it with an iPad Pro Silicone Case. A magnetic hinge aligns the Smart Cover with iPad Pro for a perfect fit and helps it stay put. Open the Smart Cover to wake iPad Pro. Close it and iPad Pro goes to sleep.

**£52.25**

Colours available: Charcoal Grey, White, pink sand & Papaya

**iPad Air 10.5” keyboard Cover**

The Smart Keyboard combines an array of new technologies and materials to create a keyboard like no other. It’s a full-size keyboard that’s fully portable, and connects to iPad Pro with the Smart Connector, an innovative new interface that allows for a two-way exchange of power and data. Just attach the Smart Keyboard and start typing. And when you’re done it folds together to create a slim, lightweight cover.

**£151.06**

Colours available: Charcoal Grey

**iPad Pro Apple Pencil (1st Gen)**

The Apple Pencil expands the power of iPad Pro and opens up new creative possibilities. It’s sensitive to pressure and tilt so you can easily vary line weight, create subtle shading, and produce a wide range of artistic effects — just like with a conventional pencil, but with pixel-perfect precision.

**£84.55**
Apple iPad Pro 11 inch

Software

Adobe Acrobat Pro AOO 2017: £92.92
Software to view, create, edit, print and manage PDF files.

Adobe Photoshop Elements 15: £32.11
Easy to use photo and graphics editing software.

(Above Adobe licences are both perpetual meaning that there will only ever be a one off cost to these pieces of software)

Adobe Creative Cloud Named Licence: £240.05
Advanced photo and graphics editing software.
The following applications are available in this Suite:

Adobe Photoshop
Adobe Bridge
Adobe Illustrator
Adobe InDesign
Adobe Premier Pro

Please note Creative Cloud is a subscription service which would get renewed each year on the 19th July and can now only be purchased as a user license (for a single user on use with 2 PC’s).

(Please also note that it is possible to purchase creative cloud pro rata at a slightly cheaper rate until it renews, in which case you would then be charged the normal annual subscription)

Microsoft Visio Standard 2019: £35.87
Microsoft Visio Standard is a diagramming platform which helps to simplify complex information through simple, easy-to-understand diagrams. It includes stencils for business, basic network diagrams, organisation charts, basic flowcharts, and general multi-purpose diagrams.

Microsoft Visio Professional 2019: £68.93
Microsoft Visio Professional includes all of the functionality of Standard version as well as updated shapes, templates, and styles; enhanced support for team collaboration, including the ability for several people to work on a single diagram at the same time; and the ability to link diagrams to data.

Microsoft Visual Studio 2019: £64.94
Microsoft Visual Studio is an integrated development environment (IDE) from Microsoft. It is used to develop computer programs for Microsoft Windows, as well as web sites, web apps, web services and mobile apps. Visual Studio uses Microsoft software development platforms such as Windows API, Windows Forms, Windows Presentation Foundation, Windows Store and Microsoft Silverlight. It can produce both native code and managed code.

(Above Microsoft licences are perpetual meaning that there will only ever be a one off cost to these pieces of software)

PLEASE NOTE BOTH VISIO AND VISUAL STUDIO ARE NOT COMPATIBLE WITH APPLE IMAC’S OR MACBOOK’S.

**IT Support Services for IT Equipment**

**Scope**

IT Support Services are offered free of charge on most PC/MAC systems, laptops and printers requested through the Innovation and Technology Solutions Service Catalogue. In exceptional circumstances IT Support Services may be available on other equipment by negotiation.

The Support Service covers:

- Initial commissioning of new equipment, including installation and configuration of hardware and Innovation and Technology Solutions pre-installed software (which includes the operating system and anti-virus software where appropriate).
- Installation and network connection at the user’s campus work place.
- Repair of faults to hardware and to Innovation and Technology Solutions installed software.
- Hardware and software upgrades.
- Equipment moves as part of office relocation.

The Support Service does not cover vandalism, theft or accidental damage.

Faulty equipment will be repaired or replaced at the discretion of Innovation and Technology Solutions. Where possible, a form of loan equipment will be provided if faulty equipment cannot be repaired quickly. Equipment sited off one of the main University campuses (where IT support is provided) must be returned to Innovation and Technology Solutions.

Users are responsible for the preservation and recovery of data files, and should take adequate precautions. Innovation and Technology Solutions cannot guarantee to recover lost data, though reasonable assistance will be given.

**IT Support Services**

There is no charge for desktop support for Innovation and Technology Solutions supplied IT equipment. Services are automatically provided for PCs and laptops less than 5 years old and Apple products less than 4 years old.

After four or five years, support will be undertaken only if spare parts for the equipment are still obtainable at economic cost and may be on the basis of reduced commitment to service targets.

If a piece of equipment becomes uneconomical to maintain because of unduly high increases in the prices of spare parts or if spare parts become unobtainable, Innovation and Technology Solutions reserves the right to withdraw support, even within the first three years after purchase.

Innovation and Technology Solutions may sub-contract support at its own discretion.

**IT Helpdesk (Colchester Campus) Tel. 01206 87 2345**

Please note that Requests should be logged via the IT Help Desk: it.helpdesk@essex.ac.uk. Each request should provide:

- Service contract number displayed on a silver sticker prefixed by a letter A=apple, M=laptop/mobile device, P=printer, S= PC.
- Equipment type if no silver sticker is evident.
- Location of equipment, name of user, contact telephone number and contact email address.
- A description of the request/fault - giving all relevant details.

If a request/fault is resolved or no longer needed before an engineer has made contact, the request should be cancelled via the IT Help Desk.

If you’re planning an office move and need to relocate staff computers, printers or telephones, requests should be made via the IT Help Desk, with full information being provided. Requests for upgrades which involve chargeable hardware or software must be made by email to the IT Help Desk, with a departmental cost code provided. Please ensure that you book in advance with the following notice periods:

- 1 to 2 people – 3 days notice
- 2 to 5 people – 5 days notice
- 5 or more people – 2 weeks notice

**Email: it.helpdesk@essex.ac.uk**

**Telephone: +44 (0)1206 87 2345**

**Walk-in room: Silberrad Student Centre**

**Open Monday to Thursday 8.30am-6.00pm, Friday 8.30am-5.45pm**

If the space you are moving to has not been refurbished then more power and data may be required. This will be managed by Estates Space Planning please contact 4323. This may delay your intended move date.

At busy times of the year during September, Christmas and Easter, there are a limited number of slots available so we recommend you book at least twice the recommended notice period. This is because we may need to contract in more staff if your preferred slot has already been booked.

When booking, please include the new location, the old location, and a preferred date and time for the move to happen.

**Portable Appliance Testing (PAT)**

Innovation and Technology Solutions are not responsible for the Portable Appliance Testing (PAT) of any relevant item supplied, whether on contract or not. See www.essex.ac.uk/ohsas/electricity for guidance on who is responsible for PAT and frequency of testing.
