Biological Sciences taster day
2 July 2019

9.45am  Arrive on campus
10.00am  Silberrad Student Centre Reception

10.00am  Welcome Talk
10.30am  Location: STEM Centre event space (STEM 3.1)
         You'll receive an overview of our School of Biological Sciences, outlining the undergraduate
courses we offer, which you'll be able to experience later in the day in a range of practical sessions.

10.30am  Tour of our biological sciences teaching lab in the STEM Centre
10.50am  Location: STEM Centre biological sciences lab

11.00 am  Campus Tour or Accommodation talk
11.45 am  Location: 1N1.4.1

11.45 am  Lunch break
12:15 pm  Meet student ambassador in Square 1 at 12.15pm

12.20 pm  BSc Genetics and BSc Biological Sciences
12:35 pm  This is a short introductory talk about two of our courses.
         Location: STEM 3.1

12.35 pm  BSc Marine Biology
12.50 pm  This is a short introductory talk about one of our courses.
         Location: STEM 3.1

12.50 pm  BSc Biomedical Sciences, BSc Human Biology and BSc Biochemistry
13.05pm  This is a short introductory talk about three of our courses.
         Location: STEM 3.1

1.05-1.40 Activities in our STEM Centre lab. You can choose from:
1. Staining and visualising tumours using microscopy
2. Fish behaviour and fisheries
3. Genomics and MINIon demonstration
   Location: STEM Centre biological sciences lab

1.40pm  Break
1.50pm

1.50-2.15 Activities in our STEM Centre lab. You can choose from:
1. Staining and visualising tumours using microscopy
2. Fish behaviour and fisheries
3. Genomics and MINIon demonstration
   Location: STEM Centre biological sciences lab

2.15pm  Closing talk from our Head of School
2.30pm  Location: STEM 3.1

End of day

Yvonne Emannuels 012068728000 / 07717480111
