

## Musculoskeletal Ultrasound Imaging Pathway

Accredited by the Consortium for the Accreditation of Sonographic Education

### Aims:

To ensure high quality education in musculoskeletal ultrasound is accessible to a diverse range of clinicians whilst attempting to minimise barriers that frequently prevent practitioners progressing with this speciality.

Module	Award
Technical Considerations in ultrasound imaging (SE708)	Post-grad Certificate
Introduction to MSK US (SE715)	
MSK US in Professional Practice (SE709)	
Research theory modules	Post-grad Diploma
Work based learning (SE731)	
<b>OR:</b> MSK Ultrasound Guided Injections (SE710)	
<b>OR:</b> Soft Tissue and Joint Injection Therapy (SE714) + Skill extension for Musculoskeletal Injection Practitioners, Injection Guidance (SE718)	
Musculoskeletal Ultrasound - Clinical Skills Experience, Scanning Record (SE719)	MSc
Dissertation (SE730)	
Musculoskeletal Ultrasound - Clinical Skills Experience, Scanning Record (SE719)	

**Teaching methods:** A wide variety of methods are utilised and modules are delivered by university staff supported by clinical experts. Some modules e.g. SE715 are taught at weekends at Southend, others are delivered on line e.g. one of the research methods module, campuses and several including SE731 explore clinical topics relevant to the work place.
