Undergraduate Rules of Assessment – Appendix A

Approved Variations to the University of Essex Rules of Assessment to be applied from the academic year 2008-2009

AREA STUDIES

LATIN AMERICAN STUDIES

In relation to Latin American courses:
T711 BA Latin American Studies (3 years)
T731 BA Latin American Studies (4 years)*
T7N2 BA Latin American Studies With Business Management (4 years)*
T7M9 BA Latin American Studies With Human Rights (4 years)*
(* defined as model 2 of Four-Year degrees)

In addition to the standard requirements for progress students must, in order to progress to the Year/Term Abroad, obtain a Pass in the appropriate language (Spanish or Portuguese) and submit a satisfactory research proposal for LM241.

T7M9 BA Latin American Studies With Human Rights (4 years)

Stage Two
In addition to the standard requirements for progress, students must pass HU200.

US STUDIES

In relation to all US Studies courses

Stage One/Stage Two
In order to progress from Stage One to Stage Two, students must obtain a minimum average year mark of 53.
ART HISTORY AND THEORY

In respect of the courses:
BA History of Modern and Contemporary Art
BA Film Studies and History of Art

Stage Two
In addition to the standard requirements for progress students must pass AR202-2-FY.

Stage Two/Stage Three
In addition to the standard requirements for progress, students must pass AR361-2-FY Art in the USA: From Modernism to Postmodernism, an HE level 5 module which is taken either in the second OR the final stage.

In respect of the courses:
BA History of Art, and
BA Literature and History of Art

Stage Two
In addition to the standard requirements for progress students must pass AR201-2-FY and AR202-2-FY in order to progress to the final stage.

In respect of the course:
BA History of Art and/with a Modern Language:

Stage Two
In addition to the standard requirements students must pass AR201-2-FY in order to progress to the third stage
BIOLOGICAL SCIENCES

In respect of the course:

BSc Clinical Physiology (Cardiology)

Stage One

There are 135 credits in Stage One of the course, which must be passed.

In addition to the standard requirements for progress the following modules must be passed for this course:

BS173 – Students must obtain both a pass in the clinical pass/fail component and a pass mark of 40% in the coursework assignment component.

Stage Two

BS215 Clinical Physiology (Cardiology): Hospital Experience and Skills Training – Students must obtain both a pass in the clinical pass/fail component and a pass mark of 40% in the coursework assignment component.
BS268 Cardiology 1
BS269 Cardiology 2

Stage Three

Year 3
BS366 Advanced Cardiology 1
BS367 Advanced Cardiology 2
BS368 Advanced Cardiology 3
BS369 Clinical Practice – students must obtain both a pass in the clinical pass/fail component and a pass mark of 40% in the coursework assignment component.

Year 4

BS3xx Case Study
BS3xx Advanced Clinical Practice – students must obtain both a pass in the clinical pass/fail component and a pass mark of 40% in the coursework assignment component.

In order to graduate with a BSc in Clinical Physiology (Cardiology), students must obtain a pass in SCST Professional Body Examinations Part 1 and Part 2. Part 1 is taken in year 2 of the course and part 2 is taken in year 4 of the course.

Students who fail to achieve a pass in SCST Professional Body Examinations Part 1 and Part 2 but who meet the standard requirements for progress and obtain a pass in the modules listed below will be offered a BSc in Human Physiology (Cardiovascular) (This award is not accredited):

Stage Two

BS215 Clinical Physiology (Cardiology): Hospital Experience and Skills Training
BS268 Cardiology 1
BS269 Cardiology 2

Stage Three

Year 3
BS366 Advanced Cardiology 1
BS367 Advanced Cardiology 2
BS368 Advanced Cardiology 3
BS369 Clinical Practice

**Year 4**
**BS3xx Case Study**

In respect to the courses:
**C701 BSc Biochemistry;**
**C721 BSc Molecular Medicine and Biochemistry**

**Stage One**
In addition to the standard requirements for progress in order to progress from Stage One to Stage Two, students must obtain a minimum average year mark of **50**

**Stage Two**
Students must obtain a minimum average year mark of **50**

Students who do not achieve the course specific requirements in Stage Two of the above courses shall be permitted to proceed to the Final Stage of either BSc in Biochemistry (C700) OR BSc Molecular Medicine & Biochemistry (C720) (depending on which course they are registered for), subject to their meeting the requirements for progression for the course to which they are transferring.

In respect to the courses:
**B990 BSc Biomedical Science**
**B992 BSc Biomedical Science**

In addition to the standard requirements for progress the following modules must be passed for this course:

**Stage Two**
BS214 Biomedical Science: Hospital Experience and Skills Training
BS261 Biomedical Science 1
BS262 Biomedical Science 2

**Stage Three**
BS831 Research Project

In respect to the courses:
**B991 BSc Biomedical Science (Integrated)**
**B993 BSc Biomedical Science (Integrated)**
**B994 BSc Biomedical Science (Integrated)**

**Stage One**
Students must achieve a minimum year mark of 55% in the first year in order to continue on the course, which must be achieved at the first attempt.

Where students have not achieved 55% at the first attempt, they will not be permitted to undertake reassessment in order to meet the requirement. The Department will consider students with extenuating circumstances who achieve less than 55% on a case by case basis.

Students with year marks under 55%, and with no extenuating circumstances, will not be guaranteed to proceed on the course, but may be able to transfer to one of the non-placement courses (B990/B992). However, if there are still funded places available for B991 or B994, the Department will consider students with year marks below 55%, in rank order. However,
students with year marks below 50% and no extenuating circumstances will not normally be permitted to proceed on a course with a placement.

**Stage Two**
BS214 Biomedical Science: Hospital Experience and Skills Training
BS261 Biomedical Science 1
BS262 Biomedical Science 2

**Stage Three**
**Year 3**
BS833 Biomedical Science Placement Module
**Year 4**
BS831 Research Project

Students who fail to achieve the required year mark at Stage One or fail to achieve a pass in B833 will normally be expected to transfer to B990 Biomedical Science.

Students who are awarded an aegrotat degree will not be eligible for admission to the Register of Biomedical Scientists.
COMPUTER SCIENCE AND ELECTRONIC ENGINEERING
(School of)

STUDENTS ENTERING SECOND OR FINAL YEAR 2008/09

In respect of the course:

**Computer Science G400**
in addition to the standard requirements for progress, the following modules MUST be
passed:

**Stage Two**
CC201, CC252 and CC255

**Stage Three**
CC301

In respect of the course:

**Computer Science (Software Engineering) G600**
in addition to the standard requirements for progress, the following modules MUST be
passed:

**Stage Two**
CC201, CC252, CC255, CC271 and CC272

**Stage Three**
CC301, CC371, CC372 and CC373

In respect of the course:

**Computer Science (Artificial Intelligence) G700**
in addition to the standard requirements for progress, the following modules MUST be
passed:

**Stage Two**
CC201, CC252, CC255, CC282 and CC283

**Stage Three**
CC301, CC383, CC384 and CC385

In respect of the course:

**Computer Science (Embedded Systems and Robotics) G4G7**
in addition to the standard requirements for progress, the following modules MUST be
passed:

**Stage Two**
CC201, CC252, CC255, CC261 and CC262

**Stage Three**
CC301, CC361, CC362 and CC363

In respect of the course:

**Computer Science (Internet Technology) G4N1**
in addition to the standard requirements for progress, the following modules MUST be
passed:

**Stage Two**
CC201, CC252, CC255, CC291 and CC292

**Stage Three**
CC301, CC391, CC392 and EE313

In respect of the course:

**Computing and Management G4N3**
in addition to the standard requirements for progress, the following modules MUST be
passed:
Stage Two
CC201, CC251 and AC203
Stage Three
CC301

In respect of the course:
Computing and Economics GL41
in addition to the standard requirements for progress, the following modules MUST be passed:
Stage Two
CC301

In respect to the courses:
Computer Science (Software Engineering) G600;
Computer Science (Artificial Intelligence) G700;
Computer Science (Internet Technology) G4N1 and
Computer Science (Embedded Systems and Robotics) G4G7,

Where students have not met the course specific requirements for these BSc courses, but have met the requirements for Computer Science G400, they will be considered for the award of BSc in Computer Science.

In respect of the courses:
BENG Audio Engineering H603 (3 YR)
BENG Computer & Net Security GH41 (3 YR)
BENG Computer Engineering H612 (3 YR)
BENG Computer Games & IT G450 (3 YR)
BENG Computers & Networks H6G6 (3 YR)
BENG Computers & Telecom H640 (3 YR)
BENG Electronic Engineering H610 (3 YR)
BSC Electronics & Comp GH46 (4 YR)(F) *
BSC Internet Tech with Business G5N1 (3 YR)*
BSC Multimedia Prod & IT PG35 (3 YR)
BSC Multimedia Prod & Tech PG35 (3 YR)
BENG Networks & IT H622 (3 YR)
BENG Optoelec & Comm Systems H681 (3 YR)
BENG Telecomm Engineering H641 (3 YR)

Stage Two
In addition to the standard progression requirements, all Stage Two students must take EE200 in their 2nd year (with the exception of courses marked with an asterisk above). The mark for EE200 comprises 15% of the aggregate for the triple weighted (45 credits) final year projects EE318/EE321. This is directly related to IET professional body accreditation requirements.

attach zero credits to EE200 in the 2nd year;
attach 45 credits to the final year projects EE318 and EE321.

Stage Three
In addition to the standard requirements, students must pass the final year project module EE318, EE321 or EE320 (30 credits).
COMPUTER SCIENCE AND ELECTRONIC ENGINEERING

STUDENTS ENTERING FIRST YEAR IN 2008/09

In respect of the course:
**BSc Computer Science G400**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE203, CE204.

**Stage Three**
CE301.

In respect of the course:
**BENG Computer Networks G420**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE231.

**Stage Three**
CE301, CE321, CE329.

In respect of the course:
**BSc Internet Technology G491**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE203, CE204, CE212.

**Stage Three**
CE301, CE311, CE312.

In respect of the course:
**BEng Embedded Computer Systems G492**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE241, CE243.

**Stage Three**
CE301, CE323.
In respect of the course:
BSc Computing and Management G4N3
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE205, AC203, AC205.

**Stage Three**
CE301.

In respect of the course:
BEng Secure Computer Systems G550
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE235.

**Stage Three**
CE301, CE324.

In respect of the course:
BSc Software Engineering G600
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE202, CE203, CE204.

**Stage Three**
CE301, CE304, CE320.

In respect of the course:
BSc Computer Games G610
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE203, CE204, CE217, CE218.

**Stage Three**
CE301, CE317, CE318.

In respect of the course:
BSc Financial Software Engineering G690
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE291, AC211, AC216.

**Stage Three**
CE301.

In respect of the course:
BEng Computers and Electronics GH4P
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE241.

**Stage Three**
CE301.
In respect of the course:

**BSc Artificial Intelligence and Robotics GH76**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE201, CE203, CE204, CE213, CE215.

**Stage Three**
CE301, CE313, CE315.

In respect of the course:

**BENG Electronic Engineering H610**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE261, CE263, CE264.

**Stage Three**
CE301, CE333.

In respect of the course:

**BENG Telecommunication Engineering H641**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE261, CE265, CE234.

**Stage Three**
CE301, CE334.

In respect of the course:

**BENG Computer Systems Engineering H650**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE241.

**Stage Three**
CE301.

In respect of the course:

**BENG Digital Media Engineering HG64**
in addition to the standard requirements for progress and obtaining a degree, the following modules MUST be passed:

**Stage Two**
CE241, CE245, CE246.

**Stage Three**
CE301, CE325, CE326.

In respect of the course:

**BSc Information and Communication Technology GH56**
in addition to the standard requirements for progress, the following modules MUST be passed:

**Stage Two**
CE201, CE205, CE219.

**Stage Three**
CE301, CE319, CE320.
In respect of the course:
**BSc in Computers and Electronics**

**Progression onto the 3-year accelerated route**

For progression onto the accelerate route students must achieve a mark of 60% in the Accelerated Route Entry Exam and achieve an average mark of 60% for the coursework for each assessed module below:

IA112-3-AP Pure Mathematics  
CE001-3-AP Computers and Electronics  
IA105-3-AP Computers for Communication  
IA160-3-AP Computer Programming  
IA140-3-AP Language and Study Skills
EAST 15 ACTING SCHOOL

In addition to the standard rules for progression students on all East 15 courses must pass the East 15 Professional Code of Conduct.

In respect of:
Certificate of Higher Education in Theatre Arts

Reassessment within the same academic year is only possible in:

EA005 Movement and Dance
EA006 Voice
EA007 Singing
EA008 Contextual Studies

The only reassessment opportunity for students failing any other modules will be to repeat the year full-time.

In respect of the courses:
BA Acting
BA Contemporary Theatre Practice

Condonement is only possible in relation to Movement and Music & Singing at Level 5.

Reassessment within the same academic year is only possible in the following modules:
Voice I
Movement I
Music and Singing I
Contextual Studies I
Voice II
Movement II
Music and Singing II
Contextual Studies II
Voice, Movement, Music and Singing

The only reassessment opportunity for students failing any other modules will be to repeat the year full-time.

In respect of the course:
FdA /BA Community Theatre

Reassessment within the same academic year is only possible in the following modules:
EA115 Voice I
EA116 Movement I
EA117 Music and Singing I
EA119 Contextual Studies & Arts Administration
EA244 Technical Theatre Skills
EA245 Special Performance Skills
EA246 Contextual Studies
EA343 Arts Administration & Professional Development
EA344 Contextual Studies

The only reassessment opportunity for students failing any other modules will be to repeat the year full-time.

Condonement is only possible in relation to EA244 Technical Theatre Skills and EA245 Special Performance Skills at Level 5.

In respect of the course:
Fda/BA Specialist Performance Skills

Reassessment within the same academic year is only possible in the following modules:
EA152 Sporting Skills I
EA153 Physical Skills I
EA154 Performance Skills I (Voice assessment only)
EA155 Specialised Performance Skills (Singing assessment only)
EA156 Contextual Studies
EA251 Stage Combat II
EA252 Sporting Skills II
EA253 Physical Skills II
EA254 Performance Skills II (Music and Voice assessments only)
EA256 Contextual Studies
EA354 Contextual Studies

The only reassessment opportunity for students failing any other modules will be to repeat the year full-time.

Condonement is not possible for any modules.

In respect of the course:
Fda /BA Technical Theatre Studies

Reassessment within the same academic year is only possible in the following modules:
EA168 Contextual Studies 1
EA264 Practical Research Projects
EA265 Professional Practice 1
EA266 Contextual Studies 2
EA363 Professional Practice 2
EA364 Graduation Project
EA365 Contextual Studies 3

The only reassessment opportunity for students failing any other modules will be to repeat the year full-time.

Condonement is not possible for any modules.
In respect of the course:

**BA World Performance**

Reassessment within the same academic year is **not** normally possible in the following modules whose assessment includes group performance:

EA174 Music and World Performance  
EA272 Visiting Company  
EA371 Applied and Political Theatres  
EA372 Contemporary Performance Project  
EA373 Final Project Process  
EA374 Final Project Performance

The only reassessment opportunity for students failing these modules will be to repeat the year full-time.

Condonement is not permitted for EA373-3-PS Final Project Process or EA374-3-SU Final Project Performance.

In respect of the course:

**BA Physical Theatre**

Reassessment within the same academic year is **not** normally possible in the following modules:

EA197 Acting Technique I  
EA291 Commedia dell’Arte  
EA297 Acting Technique II  
EA294 Meyerhold and Biomechanics  
EA392 Eastern Influences on Physical Theatre  
EA393 Street Theatre  
EA396 Final Project

A student who fails any of these modules will be required to repeat the year full-time.
ECONOMICS

In respect of the courses:
L106 BA Economics (International Exchange)
L107 BSc Economics (International Exchange)

In addition to the standard requirements for progress:

Stage One
In order to progress from year one to year two, students must obtain a minimum average year mark of 53

Stage Two
In year two students must obtain a minimum average year mark of 50%.

Students who do not achieve the course-specific requirements for L106/L107 in year two will be permitted to proceed to the final year of any three-year Economics course for which they fulfil the pre-requisites. (This always includes L100 BA Economics but may include other courses, according to a student's choice of options.)

In respect of the 4- year variants of the following courses:
BA Economics
BSc Economics
BA International Economics
BSc International Economics
BA Financial Economics
BSc Financial Economics
BA Management Economics
BSc Management Economics

Progression onto the 3-year accelerated route
For progression onto the accelerate route students must achieve a mark of 60% in the Certificate Assessment exam and achieve an average mark of 60% for the coursework for each assessed module below:
IA117-3-AP Core Mathematics
IA116-3-AP Statistics
IA104-3-AP Business Management
IA106-3-AP Economics
IA140-3-AP Language and Study Skills

REVISED MAY 2009
ESSEX BUSINESS SCHOOL

HEALTH AND HUMAN SCIENCES

In respect of the course:
**BSc Pre-hospital Critical Care**

Progression is based on passing all assessments and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. A fail at second attempt will lead to a requirement to withdraw.

For BSc Emergency Resuscitative Care (non-modular courses) work will normally be resubmitted within four weeks of students receiving their marked work. An External Examiner can review both the submission and the resubmission.

For all OSCE (Objective Structured Clinical Examination) and Short Exams the pass mark is 80%

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

In respect of the courses:
**Foundation Degree in Health Science (Mental Health)**
**Foundation Degree in Health Science (Care of the Adult)**
**Foundation Degree in Health Science (Pharmacy)**
**Foundation Degree in Health Science (Primary Care)**

Progression is based on passing all assessments and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. A fail at second attempt will lead to a requirement to withdraw.

For Foundation Degree Health Science (non-modular courses) work will normally be resubmitted within four weeks of students receiving their marked work. An External Examiner can review both the submission and the resubmission.

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

In respect to the course:
**BSc Health Care Practice (including the Non-Medical Prescribing Module)**

Progression is based on passing all assessments and all modules.

A failed element of assessment may be resubmitted on one occasion for a capped mark. Students will normally resubmit failed work, within four weeks of receiving their ratified marks, the resubmission date being set by the Board.

For all OSCE (Objective Structured Clinical Examination) and Short Exams the pass mark is 80%

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.
Students normally APL 240 credits to this course when they will study for 120 Essex credits at level 6. Where students APL the additional credits required will be studied at level 6. Progression is between modules, rather than levels or stages.

There are 60 credit modules available in this course – currently:

**HS601 Working Systemically with Families, Couples and Individuals**
**HS623 Renal module**
**HS627 Work based project** is offered at 60 credits
**HS624 Work Based Essay** is 10 credits

The degree classification for this course is based on an equal weighting of all modules taken at Essex (i.e. non APL work) at all stages.

In respect of the course:
**BSc Health Care**

Progression is based on passing all assessments and all modules.

LAW

In respect of:
M122 Law LLB/ Maîtrise
In addition to the standard requirements: 150 credits in five components must be achieved in each of Years 1 and 2 to include LW107 French Law and Methodology I and LW 207 French Law and Methodology II.

In respect of:
M120 English and European Laws (Model Two of the Four-Year Award Models)
In addition to the standard requirements for progress, where the language needed for study in Europe is not the student’s native language, it is a requirement to pass an additional language course. 150 credits will therefore be required for the qualifying year leading to the study in Europe year for these students.

In respect of:
LLB English and French Law

At the end of Stage One, where the student is already repeating the stage full-time or has undertaken resit(s) without attendance, and has failed up to 60 credits, he/she may resit the necessary examinations and/or resubmit coursework prior to the next academic Stage in order to fulfil the requirement to progress. Marks will be capped at 40%. Where more than 60 credits has been failed he/she must withdraw from the University.

In respect of:
LLB Law and Human Rights (4 yr)
BA Law and Human Rights (3 yr)

Stage Two
In addition to the standard requirements for progress, students must pass HU200.

In respect of:
All LLB courses:

In addition to the standard requirements for progress a minimum mark of 35% is required in all Law examinations to meet the PSB expectations of student achievement.
MATHEMATICS

In respect of the course:
