-

2 PASS MARK

- a) The pass mark for all modules of the Masters degree is 50.

- i) Obtain 150 credits at the first attempt except in the case of substantiated extenuating circumstances accepted by the Board of Examiners;
- ii) Obtain 90 credits at 60 or above, which must include the dissertation;
- iii) Have an overall weighted average mark of 60 or more;
- iv) Have no module mark below 50;
- v) Pass all clinical assessments.

3.1.2 Pass with Distinction

a) *Dominant Quality*

To obtain a distinction a student should:

- i) Obtain 150 credits at the first attempt, except in the case of substantiated extenuating circumstances accepted by the Board of Examiners;
- ii) Obtain 120 credits at 70 or above, including the dissertation;
- iii) Have no module mark below 50;
- iv) Pass all clinical assessments.

b) Arithmetic Average

To obtain a distinction a student should:

- i) Obtain 150 credits at the first attempt except in the case of substantiated extenuating circumstances accepted by the Board of Examiners;

3.2 THE POSTGRADUATE DIPLOMA AND CERTIFICATE

Where a student is either unable to complete their studies or does not achieve the required credits to be awarded a Masters, then the award of either a Postgraduate Diploma or a Postgraduate Certificate will be considered

3.2.1 To be awarded a POSTGRADUATE DIPLOMA IN PHYSIOTHERAPY (PREREGISTRATION) a student should:

- a) Obtain 120 credits at Masters level (level 7);
- b) Pass all the clinical assessments;
- c) Pass HS810, HS811, HS812, HS813, HS814, HS815, HS816, HS817 & HS858.

This award leads to eligibility to apply for registration with the Health Professions Council.

3.2.2 To be awarded a POSTGRADUATE DIPLOMA IN HEALTH STUDIES a student should:

- a) Subject to (c), obtain 120 credits at Masters level (level 7)
- b) Pass all taught core modules.
- c) Failure with a mark of 40 or more for up to 30 credits in non-core modules will be condoned provided that the overall weighted average for the 120 PG Diploma credits is 50 or above.

This award **does not** lead to eligibility to apply for registration with the Health Professions Council.

3.2.3 To be awarded a POSTGRADUATE CERTIFICATE IN HEALTH STUDIES a student should:

- a) Obtain 60 credits at Masters level (level 7);
- b) Pass all taught core modules.

This award **does not** lead to eligibility to apply for registration with the Health Professions Council.

4 SECOND ATTEMPTS

Second attempts at the assessment for taught modules

- a) Students who have failed any taught module may have a second attempt at the assessment for the module(s) concerned.
- b) The maximum mark that will be recorded for a module as a result of a second attempt is 50, unless there are substantiated extenuating circumstances accepted by the Board of Examiners.
- c) The mark for the second attempt will count even where it is lower than the original mark.

4.1 If a student fails a module on the second attempt at the assessment no further attempt is allowed and the student will be required to withdraw, unless there are substantiated extenuating circumstances accepted by the Board of Examiners.

4.1.1 When a student is given an academic offences penalty of resubmitting work for credit purposes only with a mark of zero to be retained for all calculations, the raw mark achieved for the resubmitted work will be used initially to calculate the module aggregate mark. Credit will be awarded where a student achieves an overall module aggregate mark of 50. The penalty mark of zero will then be applied and included in calculations of the mark for the overall weighted average for all the taught modules and the overall weighted average mark, which includes the dissertation.

If the student has initially achieved a mark of 40-49 for the module aggregate (including the raw mark achieved) no credit will be awarded, but the module can be considered for condonement if the average for the taught course modules is 50 after the mark of zero has been included in the calculation.

If the student has initially achieved a mark of less than 40 for the module aggregate then no credit will be awarded and no condonement can be applied. Note that for the awards leading to professional registration all modules are core and condonement cannot be applied. Condonement can only be considered for the non-registerable exit awards.

4.2 Second attempts at the assessment for a clinical placement

- a) Only two failed clinical placements are permitted to be retaken as a second attempt.
- b) If a student who has already had two second attempts fails a third clinical placement, they will be required to withdraw unless there are substantiated extenuating circumstances accepted by the Board of Examiners.
- c) If a student fails a clinical placement on the second attempt at the assessment no further attempt is allowed and the student will be required to withdraw, unless there are substantiated extenuating circumstances accepted by the Board of Examiners.

4.3 Re-submission of Dissertation/ Project

- a) Re-submission of dissertations is only permitted in the following circumstances:
 - i) Either substantiated extenuating circumstances accepted at the discretion of the Board of Examiners, or;
 - ii) Where the original mark awarded is at least 40.

- b) Re-submission is subject to the following conditions:
 - i) A dissertation must normally be re-submitted within two months of the formal notification of permission to resubmit; in cases of extenuating circumstances, this may be extended to a maximum of twelve months;
 - ii) A dissertation which has been re-submitted because of a marginal fail shall be awarded no more than the minimum pass mark; in the case of re-submissions because of extenuating circumstances, the full range of marks shall be available to examiners.
