- A.2.1. The incomplete module will not be treated as a fail.
 - A.2.2. Marks earned in the first 8 weeks of the module cannot be re-instated when the module is started for a second time. Work submitted during the first period of study cannot be re-submitted when the module is restarted.
 - A.2.3. For work based learning modules, it will be at the module leader's discretion, taking into account the student's employment situation, whether or not an entirely new project needs to be used when the module is started for a second time.
- A.3. If the module is substantially complete (usually more than 6 weeks completed study) or a Leave of Absence has not been agreed, marks for the module will be considered by the Board in the normal way.

Progression

 - a. All level 4 modules (to proceed to level 5), or all level 5 modules (to proceed to level 6) must have been completed and the internal examiners must be satisfied that the provisional marks would ensure that the student will meet the requirements to progress.
 - b. At least 60 credits have previously been approved by an examination board.
- If, after the examination board has met, the student has not met the requirements to progress, the student's higher level studies will be suspended pending successful completion of the preceding level (Stage One or Stage Two). PROGRESSION

Progression from Stage One

B.1. In order to progress from Stage One to Stage Two students must:

B.1.1. achieve 120 credits at level 4. [NB where a student has a fail mark below 40 in a maximum of 30 credits' worth of non-core modules it is possible for a student to progress to the next stage of study in the circumstances set out in section B.4]

and

B.1.2. pass core modules and meet any additional course or module specific requirements outlined in the variations to the Rules of Assessment, including professional, statutory and regulatory body requirements.

End of Stage Examination Boards may also be used as progression boards for part-time students, and re-submission opportunities considered.

B.2. If a student does not meet the requirements to progress

B.2.1. Where a student has failed a module with a score of 20% or above, he/she must undertake the necessary assessment, prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

B.2.2. Where a student has failed a module with a score of below 20%, he/she must repeat the module prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

B.2.3. Students who fail to achieve sufficient marks in an optional module to progress, may choose an alternative optional module.

B.2.4. Where the whole Stage mark is below 20% and the student has no substantiated extenuating circumstances, he/she must withdraw from the course.

B.3. When the Board meets after re-sits/resubmissions are completed, the Board will consider the following options (Boards cannot offer more than three opportunities to undertake the assessment for a module). Where appropriate the Board will offer more than one option to the student:

B.3.1. Where a student has failed a module with a score of 20% or above, he/she must undertake the necessary assessment, prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

B.3.2. Where a student has failed a module with a score of below 20%, he/she must repeat the module prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

This will not apply where students are repeating an entire stage for uncapped marks. In such cases the marks achieved at the end of the repeat stage will stand.

B.4. Following reassessment, where a student has a fail mark below 40 in a maximum of 30 credits' worth of non-core modules, the Board will treat the fail in the following way:

- B.4.1. Where the module aggregate mark is in the range 35%-39% and the mark for the stage is 45% or above, the student will be permitted to proceed to the next stage of study. The credits will be awarded.
- B.4.2. Where the module aggregate mark is in the range 20%-34% and the mark for the stage is 40% or above, or the module aggregate mark is in the range 35-39% and the mark for the stage is in the range 40-44%, the student will be permitted to proceed to the next stage of study. Where a total of 30 credits have been failed the student will not be permitted to fail any more credits towards their award. Where a total of 15 credits have been failed, the student will only be able to fail 15 non-core credits in the future. Where a student has not had three attempts at the assessment for the Stage, the Board will offer the student the choice of either undertaking reassessment in Stage One or proceeding to Stage Two carrying the fail
- B.4.3. Students will not be permitted to transfer to a course which regards the failed modules as core.
- B.4.4. Students who, after reassessment, still fail to achieve sufficient marks in an optional module to progress may choose an alternative optional module during their repeat Stage.

AWARD CLASSIFICATION FOR HONOURS DEGREES¹

B.14. A student's degree class is based upon Stage Two and Stage Three marks. Stage Two and Stage Three marks are weighted 40% and 60% respectively and combined to give the Degree Mark.

B.15. **First Class Honours will be awarded to a candidate who has:**

- *Either* a Degree Mark of 70 or more; *or*
- 120 credits at 70 or more and a Degree Mark of at least 68.

Upper Second Class Honours will be awarded to a candidate who has:

- *Either* a Degree Mark of 60 or more; *or*
- 120 credits at 60 or more and a Degree Mark of at least 58.

Lower Second Class Honours will be awarded to a candidate who has:

- *Either* a Degree Mark of 50 or more; *or*
- 120 credits at 50 or more and a Degree Mark of at least 48.

B.16. **Third Class Honours** will be awarded to a candidate who meets the criteria for the award of an Honours degree (see 3.2 above) but who does not qualify for any other class of degree. **For students progressing from a University of Essex Foundation degree to the final Stage of a University of Essex Honours degree²**, the marks from Stage Two of the Foundation degree are used in the calculation of the Honours Degree. Stage marks from Stage Two of the Foundation degree and from the final Stage are weighted 40% and 60% respectively to give the Degree Mark. The degree class is calculated in accordance with the normal rules for three-year Honours degrees (see above).

B.17. **For students progressing from Foundation degrees at other institutions into the final Stage of an Essex Honours degree**, the final Stage marks only will be used in calculating the Degree Mark. The degree class is calculated in the following way:

- **First Class Honours** will be awarded to a candidate who has a Degree Mark of 70 or more;
- **Upper Second Class Honours** will be awarded to a candidate who has a Degree Mark of 60 or more;
- **Lower Second Class Honours** will be awarded to a candidate who has a Degree Mark of 50 or more;
- **Third Class Honours** will be awarded to a candidate who meets the criteria for the award of an Honours degree (see 3.2 above) but who does not qualify for any other class of degree.

¹ When determining the class of a degree for students who entered the Preliminary or First Stage of an award prior to 2012/13, the Board of Examiners should apply the methods of calculating the award classification as defined in the Rules of Assessment which were approved for students entering the Preliminary or First Stage of an award in academic year 2011/12 where this will benefit a particular student.

² References to University of Essex Foundation degrees also refer to validated awards (i.e. awards taken at the University or through a partner institution with a validated award).

PROGRESSION

D.1. In order to progress from Stage One to the Final Stage students must:

D.1.1. achieve 120 credits at level 4. [NB where a student has a fail mark below 40 in a maximum of 15 credits' worth of non-core modules it is possible for a student to progress to the next stage of study in the circumstances set out in section D.4]

and

D.1.2. pass core modules and meet any additional course or module specific requirements outlined in the variations to the Rules of Assessment, including professional, statutory and regulatory body requirements.

End of Stage Examination Boards may also be used as progression boards for part-time students, and re-submission opportunities considered.

D.2. If a student does not meet the requirements to progress

D.2.1. Where a student has failed a module with a score of 20% or above, he/she must undertake the necessary assessment, prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

D.2.2. Where a student has failed a module with a score of below 20%, he/she must repeat the module prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

D.2.3. Students who fail to achieve sufficient marks in an optional module to progress, may choose an alternative optional module.

D.2.4. Where the whole Stage mark is below 20% and the student has no substantiated extenuating circumstances, he/she must withdraw from the course.

D.3. When the Board meets after re-sits/resubmissions are completed, the Board will consider the following options (Boards cannot offer more than three opportunities to undertake the assessment for a module). Where appropriate the Board will offer more than one option to the student:

D.3.1. Where a student has failed a module with a score of 20% or above, he/she must undertake the necessary assessment, prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

D.3.2. Where a student has failed a module with a score of below 20%, he/she must repeat the module prior to the next academic Stage, in order to fulfil the requirement to progress. Marks will be capped at 40%.

D.3.3. Students who, after reassessment, still fail to achieve sufficient marks in an optional module to progress, may choose an alternative optional module.

D.3.4. Where the student has not met the requirements to proceed having had three opportunities to undertake the assessment for a module, and where there are no alternative optional modules, he/she would be required to withdraw from the course.

D.3.5. Where the whole Stage mark is below 20% and the student has no substantiated extenuating circumstances, he/she must withdraw from the course.

D.3.6. In line with exit awards as detailed in Appendix A, if 120 credits have been achieved at level 4 or above, the student will be considered for the award of a Certificate of Higher Education.

D.3.7. In line with exit awards as detailed in Appendix A, if 60 credits have been achieved at level 4, the student will be considered for the award of a Certificate of Continuing Education.

Note: An undergraduate exam board will reinstate the module mark for a previous attempt at a failed module if it is higher than the mark for the most recent attempt. This will not

apply where students are repeating an entire stage for uncapped marks. In such cases the marks achieved at the end of the repeat stage will stand.

D.4. Following reassessment, where a student has a fail mark below 40 in a maximum of 15 credits' worth of non-core modules, the Board will treat the fail in the following way:

- D.4.1. Where the module aggregate mark is in the range 35%-39% and the mark for the stage is 45% or above, the student will be permitted to proceed to the next stage of study. The credits will be awarded.
- D.4.2. Where the module aggregate mark is in the range 20%-34% and the mark for the stage is 40% or above, the student will be permitted to proceed to the next stage of study. However, the credits will not be awarded and the student will not be permitted to fail any more credits towards their award. Where a student has not had three attempts at the assessment for the Stage, the Board will offer the student the choice of either undertaking reassessment in Stage One or proceeding to Stage Two carrying the fail.
- D.4.3. Students will not be permitted to transfer to a course which regards the failed modules as core.
- D.4.4. Students who, after reassessment, still fail to achieve sufficient marks in an optional module to progress may choose an alternative optional module during their repeat Stage.

NOTES RELATING TO MAXIMUM PERIOD OF STUDY

- The maximum period of study is set from the date when the student is enrolled onto the first module that contributes towards a University of Essex Online course. Transfers of course are still included in the original maximum period. Unless there are exceptional reasons, periods of intermission will still count towards the original maximum period, with the exception of transfers between courses of different lengths. In these cases the maximum period will be adjusted in line with the maximum periods of study for the new course - increasing for students transferring to a longer programme and reducing for students transferring to a shorter programme.
- Students who progress from a University of Essex Online Foundation Degree or DipHE to the final stage of a University of Essex Online course, will commence a new maximum period of study. The maximum period of study for students who start a BA in the final Stage of the course (level 6 modules only) is three years.
